# WESTERN PROVINCE BULL TERRIER CLUB

**ANNUAL BREED CHAMPIONSHIP SHOW**

**Saturday, 21<sup>st</sup> October, 2023**

Stellenbosch District Riding Club (SDRC),  
R44, Stellenbosch.

**PAW  
PARTNERS**

The Committees of the Western Province Bull Terrier Club welcome you to this, our second Championship Show for the Year. Thank you for your entries and for supporting this Club event.

Our generous sponsors Hill's Pet Nutrition South Africa have afforded us fabulous prizes and hampers and Winning Rosettes have once again generously sponsored a portion of our rosettes. We thank you for your support and magnanimity.

All exhibitors are reminded that their dogs are to be strictly supervised at all times. Western Province Bull Terrier Club will not accept any claims due to damage or injury caused by dogs at these Shows.

Your exhibitor letter details the entries received from you. You are requested to please check your entry information and notify the Show Office of any amendments immediately, in order for the necessary changes to be made prior to commencement of judging.

Please ensure that you display the correct exhibit number when entering the ring.

Good luck, have a great day with us and we wish you all a safe journey home from the Show.

We wish to express their sincere gratitude to the following sponsors who have made this Weekend possible:

CORPORATE:

*Hill's Pet Nutrition South Africa (Pty) Ltd – Tracy Moss  
Winning Rosettes*

PRIVATE:

*Willem Nel  
Tony Ingram*

*And numerous other very generous members of our dog fraternity who wish to remain anonymous*

*Tony,*

Chairman.

**A STEP AHEAD  
FOR THEIR  
BEST LIFE**

# DIFFERENCES YOU CAN SEE FEEL & TRUST

## **Science is at the heart of our food**

We believe that great nutrition can transform the lives of pets and their parents. Hill's long-term investment in learning, technology and talented scientists for more than 75 years has helped us develop ground breaking industry leading product innovations, including the most extensive range of clinical nutrition for sick, at-risk and healthy pets. We aim to change the lives of millions of pet families every day.

## **Experts in pet nutrition since 1939**

Hill's employs over 220 veterinarians, Ph.D Nutritionists and food scientists that work passionately to ensure our food is precisely balanced - because too much of a specific nutrient can often be as harmful as too little.

Long-term feeding of a poor quality, unbalanced diet can lead to problems such as a dull coat, poor digestion, urinary conditions, kidney disease, skeletal problems, constipation, diarrhoea, weight loss or obesity and other health problems.

## **High quality raw ingredients**

Hill's is made using the finest natural ingredients that are sourced from countries with high quality standards such as Europe, USA and New Zealand. Our products are formulated to contain:

- no artificial flavourings, colours or preservatives
- animal products derived from animals that are fit for human consumption

### **Our technologies**

Consistent with Evidence-Based Medicine used by human physicians, Hill's performs randomized, blinded and controlled clinical feeding studies in real patients in the real world. In some cases, we've taken steps that not even human medicine has been able to. We are the only pet food company that we know of using specific nutrients to change how genes are expressed to help manage disease conditions.

### **Scientifically formulated**

Because our products are scientifically proven, we don't simply substitute ingredients and vary formulas to allow for the use of cheaper materials as some companies do. This way, you're assured that our products are always effective and of the highest quality.

### **Recommended by vets worldwide**

Our foods have been trusted by millions of pet owners since 1939, and today, countless veterinarians recommend and feed their own pets Hill's products more than any other brand of pet food.

# Feeding Your Dog

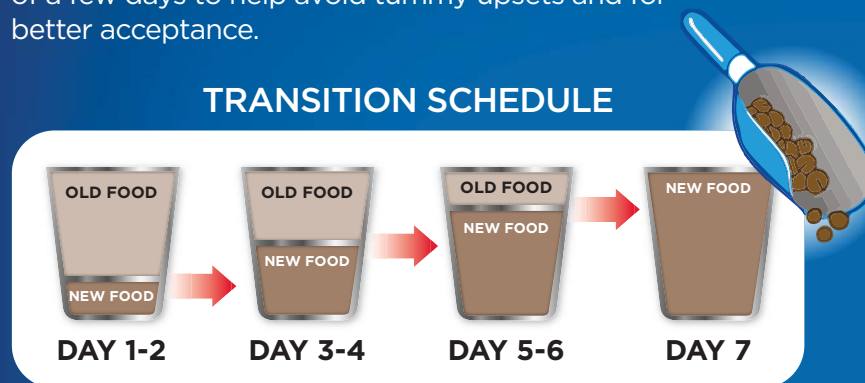

It is important to ensure your dog gets the best nutrition at all stages of his life as a good quality, properly balanced food will help him enjoy a healthy, happy and long life. Hill's has a full range of pet foods designed to meet your dog's specific needs.

Hill's Science Plan delivers **cutting-edge food science with the power to enhance your dog's life:**

- Clinically proven antioxidants, such as vitamins C & E, to **build strong immunity**
- The right balance of vitamins and minerals for **healthy bone and joint development**
- Optimal levels of high quality protein, to support your dog's **ideal body weight**
- High quality and easy-to-digest ingredients to help **absorb more nutrients from the food**

## How to introduce the new food

We recommend introducing any new food over a period of a few days to help avoid tummy upsets and for better acceptance.

Most pets don't like sudden change and are more willing to accept new things if change is gradual and they're allowed to make choices. For finicky and older pets or pets with health conditions, extend the transition period up to four or more weeks.

## Watch his weight

To help keep your dog healthy, we recommend that you:

- weigh him regularly and ask your vet to do a body condition score
- monitor his physical condition throughout his life
- adjust the quantity of his meals accordingly
- maintain a stable feeding regime, because dogs are comfortable with regular routine

Every bag of Hill's includes a feeding guide showing a daily feeding range based on a dog's weight. Use this as a starting point and then adapt the amount based on your dog's condition.

As a guide, if your dog is at his ideal weight you should be able to feel his ribs easily and he should look sleek with no sagging around the stomach. If you are concerned about his weight, consult your vet for nutritional advice, because maintaining your dog's ideal weight not only reduces certain health risks but will also help him lead a more energetic, longer and healthier life.

And remember, treating your dog with the occasional treat and tidbit is fine, as long as it's just that ... occasional. Too many treats can lead to fast weight gain and nutritional imbalance.

## Top up his water

It's important to ensure your dog has easy access to a freshly topped-up bowl of water. In fact, not having water to drink for a sustained length of time will harm his health. In hot weather, it's a great idea to add a couple of ice cubes to his water bowl to help him keep cool.

## Food, shelter and love

Hill's supports many charities and shelters, including donations of food and helping pets find a new home. We help save nearly 1 million pets each year worldwide.
